GlobeMed Lebanon

As the leading healthcare management company in Lebanon, we currently take care of half a million lives, offering them access to over 1,300 healthcare providers throughout the country, but it doesn't stop there. We understand how unexpected and constraining some turns in life might get, and we constantly seek new partnerships with leading healthcare suppliers to facilitate the treatment, comfort and well-being of our cardholders, for their orthotic needs and beyond.

In addition, GlobeMed Lebanon provides stakeholders with **GoodCare Clinics**, an open network of qualified physicians and health professionals who create wellness programs that are designed to improve health and fitness through the promotion of a balanced lifestyle and a healthy workplace environment, as well as the early detection of diseases.
